**OmniCare Health Plan**  
**1155 Brewery Park Blvd., Suite 250**  
**Detroit, MI 48207**

OmniCare Health Plan was organized in 1974, and is Michigan's first state-licensed, federally qualified health maintenance organization. OmniCare offers a wide selection of quality health care benefits, plus access to one of the most conveniently accessible provider networks in southeast Michigan. Our service area is located in Macomb, Monroe, Oakland, Washtenaw, and Wayne counties.

OmniCare provides the best of both hospital and private doctor-based care. Members can choose from over 500 primary care providers, and more than 1700 specialists participating with OmniCare.

OmniCare has one of the largest hospital networks for a regionally based health plan. There are 43 hospitals affiliated with OmniCare, including Sinai-Grace, Huron Valley-Sinai, William Beaumont, and the University of Michigan. Through our affiliation with the Detroit Medical Center, OmniCare members have preferred customer status.

Members have access to 9 urgent care centers, and prescriptions can be serviced at over 50,000 pharmacies nationwide, and over 1,900 in the State of Michigan.

OmniCare prides itself on offering flexibility within our Plans. For example, we offer in-network self-referral for mammography screening, OB/GYN preventive care, and chiropractic services. Through our Omni “Perks” program, members can enjoy savings on child day care, Weight Watchers, Fitness USA, and vision.

OmniCare also provides comprehensive member communications to field inquiries about coverage and procedure. Customer service is a high priority. We offer 24-hour, 7 days a week customer service access to members. We are also committed to continuous quality improvement. The National Committee for Quality Assurance (NCQA) awarded us a “Full” accreditation.

OmniCare is looking forward to providing our customers with professional, timely, and quality service.
